* This program is designed to entice teens to read. In order to engage their interest and to provide a spur to critical thinking, the book selections include those that involve sensitive issues. The content of some of the titles may be more mature than younger students may have previously encountered. Please recognize that this is a voluntary reading program. Not every book selected will suit every student. In a democratic society, a variety of ideas must find voice. As readers, teens have the choice to read the more mature titles or to close the book.
