LOCAL SOUNDS

Bands from Florida

Local Sounds is finally here!

At the St. Petersburg Library System, we believe that local musicians & record labels contribute culturally and economically to our city. To support the local scene, the St. Petersburg Main Library is proud to collect and circulate locally produced music.

All CDs in the collection were donated to the library by musicians, labels, or fans; otherwise, they were purchased locally.

If you have CDs by local artists you would like to donate, please email us at localsounds@stpete.org.
